

# Retail

## RAISE CUSTOMER SERVICE LEVELS

If inaccurate inventory counts, lost stock and expensive year-end write-offs are the bane of your retail business, Leopard Systems has the ultimate solution: Leopard Retail. Regardless of the size of your operation, Leopard Retail can help you reduce supply chain gaps and create a profitable, service-orientated environment.

Using the latest mobile technology, this solution provides sales assistants with the tools to check prices on the move, accept payment for goods from anywhere in the store and speed up customers' point of sale transactions with the mobile queue-busting feature.

Leopard Retail can also assist with gift registry creation, scan stock, print receipts, track and accurately account for inventory, making missing stock and dissatisfied customers a distant memory.

If stock management and sales creation are your priorities, Leopard Retail is the smart solution. Leopard Retail is enterprise productivity unleashed.

*Arm your workforce with the tools to swiftly scan and check inventory before confidently closing the sale.*

### KEY FEATURES & BUSINESS BENEFITS

- 1 Reduces costly write-offs by tracking and accurately accounting for all inventory.
- 2 Provides staff and customers with on-demand product information in one swift scan.
- 3 Assists in inventory maintenance on the shop floor, in the warehouse, and prevents over-stocking.
- 4 Reduces time customers wait at checkout by providing sales staff with mobile queue busting functionality to pre-process part of a transaction for queuing customers.
- 5 Provides efficient communication between in-store staff and head office.
- 6 Allows real-time software updates in the field.
- 7 Allows swift and easy interfacing between your mobility solution & existing enterprise system.
- 8 Protects your inventory data with secure, full device lock-down and encryption.
